1. Choice of CMT (may be taken starting the first year) or CWTS (may be taken starting second year). Note: As a requirement for graduation, all students are required to take six (6) units in one of the National Service Training Program (NSTP) components: Civic Welfare Training Service (CWTS), Literacy Training Service (LTS), and Reserved Officers' Training Corps Military Service (ROTC Mil Sci). These are offered by UPD.

2. Two (2) course elective equivalent to a minimum of six (6) units, at least 3 units of which are science electives.

* All students required to take Math 21 must have passed any of the following: (1) Pre-Calculus from the STEM or equivalent strand of K-12; (2) the Validation Examination for Math 20 (Pre-Calculus: Functions and their Graphs) administered by the UPD Institute of Mathematics; or (3) Math 20 as a non-credit course. For latest directive on this please see (<https://our.upd.edu.ph/memoranda/2021/MEMO-No.-MVPLO-21-05.pdf>).

The University regularly reviews course curricula and may revise them. Students admitted into this program shall follow the existing curriculum until such time that a new curriculum replacing it has been duly approved for implementation. All courses prescribed and taken under this existing curriculum shall be credited under the new curriculum.
